

What is the Bujinkan Bukeyashiki Dojo all about?

The Bujinkan Bukeyashiki Dojo (BBD) is a dojo led by Mike Reina, Godan (5th degree, 10+ yrs). Mike travels to Japan to continue his Bujinkan education with the Grand Master, Dr. Massaki Hatsumi of Noda, Japan. Along with traveling to Japan yearly he also participate in countless seminars throughout the NY/NJ and PA area dojos, training from some of the leading Bujinkan instructors in the world.

What can I expect from a typical training session?

Most of our sessions will consist of the following: body stretching and ground rolling, foundational Bujinkan techniques to warm up our bodies, several self defense techniques (either standing and/or ground) from a traditional standpoint as well as real life situations and weapons training. We end our session with a short Q&A session to discuss the techniques that were covered and bring up any other related discussions. At BBD, training involves "safety first" – we all have to go to work the next day.

Do I need to buy any training weapons or uniforms?

We do require you to purchase uniform and/or training weapons however, most students buy their weapons as needed. The BBD does sell uniforms, belts and training weapons. Rank certificates are to be purchased by the student and it's at their discretion.
